

# DVB-T MODULATOR

Quad HDMI to COAX Converter

## SPACE TELEVISION

# QUICK & EASY INSTALLATION

Perfect full HD quality to unlimited TV's

**NEW**

## MOD-HDMI-Q Convert up to 4 HDMI sources to HD TV Channels

The SpaceTV MOD-HDMI-Q is a high quality quad DVB-T "Home" modulator which accepts four HDMI inputs and converts them into four RF DVB-T channels on its output.

The MOD-HDMI-Q can be programmed by either using the onboard SSD (Seven Segment Display) interface and keypad for quick installation or by using the USB interface with the appropriate software accompanying the MOD-HDMI-Q for advanced programming.
