

AC/DC Adaptor

The Fuzion **AC/DC Adaptor** is an essential accessory for your FTP-3XX, providing a **reliable power source** when solar panels are not in use.

About the Fuzion FTP-ACC001-UK-R1

Designed for flexibility, it can be permanently installed in locations with stable grid power, ensuring continuous operation of your FTP-3XX.

This is ideal for setups requiring maximum uptime, acting as a backup power source similar to a UPS for critical devices.

The **adaptor** is perfect for indoor testing or installations where solar panels are impractical, allowing you to simulate power delivery under controlled conditions.

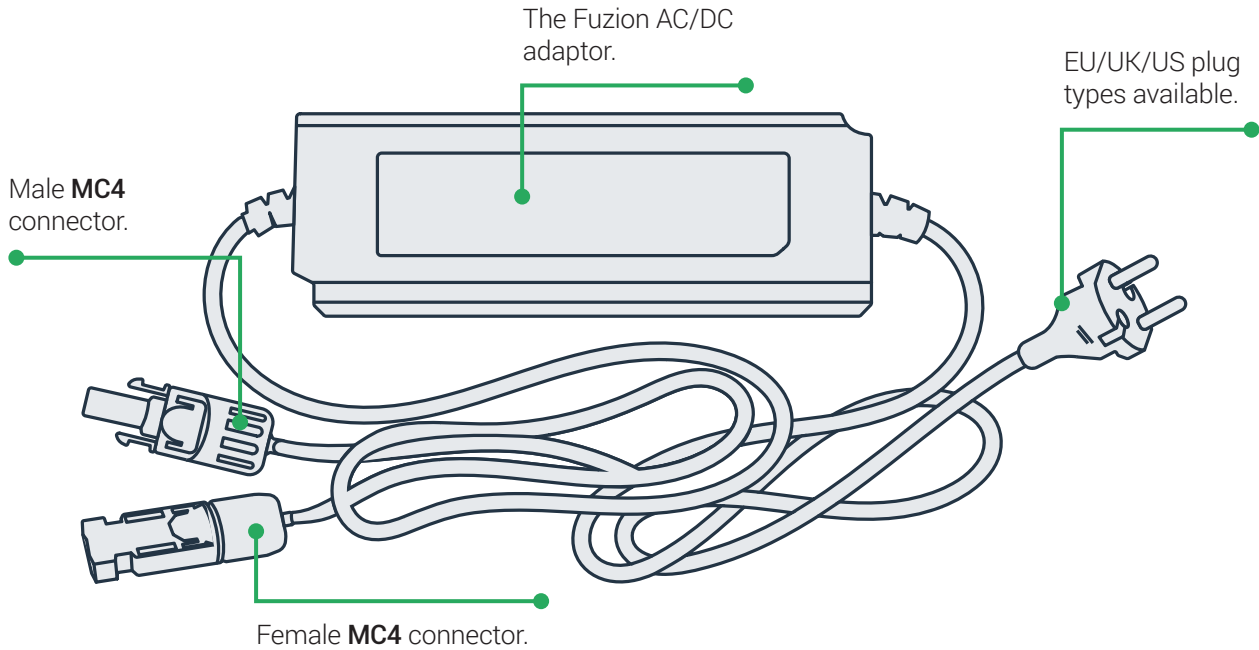

Benefits

Grid powering

Enables grid powering of FTP-3XX products in outdoor deployments and indoor lab testing.
